Students are allowed in the courtyard until 1:00 a.m. but must be cognizant of other students' rights and keep the noise level down.

1. Visitor Curfew is mandatory for all guest and students.
2. No guests or students are allowed in residents' rooms after curfew through 7:00 a.m. the following morning.
3. All overnight guests and overnight stays must sign an approved form with the NMJC Director of Residence Life prior to the stay.
4. **Guests should never be left unattended.**

## **Quiet Hours and General Courtesies**

The foundation behind successful group living is being generally courteous to those you are around. Activities which prove disturbing to persons desiring study or sleep must be suspended regardless of the hour in which they occur. All residents are expected to observe the following courtesies and considerations to one another:

1. **Quiet Hours** in all dorm rooms or apartments is **10:00 p.m. Sunday-Thursday** nights. Weekend Quiet Hours in all dorm rooms or apartments is **12:00 a.m., Friday and Saturday** nights.
2. Radio, television, or stereo volumes must be kept at a reasonable level. If asked to turn the volume down, a student is expected to comply. Continued disturbance will result in confiscation of the equipment. Stereos may not be played through open windows or in hallways.

Persistent violators of housing rules and regulations are making a statement that they cannot live cooperatively in a group setting. Eviction or relocation may be the best alternative. This decision will be at the discretion of the Director of Residence Life and Dean of Student Services.
