### **C. E-Mail as an Official Means of Communication to Students**

New Mexico Junior College (NMJC) provides an e-mail address to all registered students and uses e-mail as an official means of sending information to students. NMJC e-mail shall be considered an appropriate delivery method for official communication by New Mexico Junior College with students unless otherwise prohibited by FERPA regulations. Official communications include reminders of important dates such as deadlines to pay tuition and fees, to apply for graduation, etc.

### **Student Responsibilities**

- Students are responsible for checking their official student e-mail regularly (at least twice a week).
- Students must be aware of mailbox capacity and insure there is sufficient space in their accounts.
- Students must recognize that certain communications may be time-critical.
- Students may forward e-mail from their NMJC account to another e-mail account at their own risk.
- Students will not be held responsible for college e-mail system malfunctions that limit their access to time critical information.

### **College Responsibilities**

- The Computer Services Department is responsible for creating and maintaining e-mail accounts.
- The content of e-mail communications is the responsibility of the originating department.

#### **D. Emergency Contact Information**

In case of emergency, it is essential that all students have updated emergency contact information on file with NMJC. To assist the college in communicating with students or on their behalf students should update their contact information through the *View Emergency Contacts* link in the Student Tab in the **T-Bird Web Portal**.

Students in residential housing will be asked to complete a medical sheet with emergency contact information during check in. Please make sure all emergency contact information is current.

#### **Personal Address and Telephone Numbers**

It is essential that students provide NMJC with current address and telephone information. This can be viewed and updated via the *Update Addresses and Phone* link in the Student Tab in the T-Bird Web Portal.

#### **E. Emergency Notification System**

New Mexico Junior College has partnered with Rave Wireless to provide an emergency alert system capable of delivering messages to NMJC e-mail accounts, personal e-mail accounts, land lines and cell phones. All students have been enrolled in the program at no expense to the student. Students are encouraged to login to the Rave Wireless site to confirm their contact information and choose their notification preferences. (Note: cellular phone providers may charge a per-text message fee for the delivery of emergency notifications to cell phones.)

Students are asked to visit: [www.getrave.com/login/nmjc](http://www.getrave.com/login/nmjc) and select register. This system will work in conjunction with the emergency speakers that are located throughout the campus. In the event of an emergency or school closure this system allows NMJC to make timely notification to all students, faculty and staff members who have registered. Students are asked to complete the registration process promptly.

In case of difficulties in logging into the system or for more information regarding the system, contact the Director of Administrative Services at (575) 492-2791 or send an e-mail to [bmorrill@nmjc.edu](mailto:bmorrill@nmjc.edu).

#### **F. Formal Complaints**

In an effort to better serve our students, NMJC will maintain records of formal, written student complaints that are filed with the President of NMJC, the Vice President for Finance, the Vice President for Instruction, or the Vice President for Student Services. All students who wish to make a formal written complaint are encouraged to complete the NMJC Student Complaint form. Complaint forms are available through the Deans and Directors of programs, as well as through the Vice President for Student Services, and may be requested by students, faculty, and/or staff. The completed form should be returned to the faculty/staff assisting the student or to the Vice President for Student Services. Once the complaint form has been completed and submitted to the college official, an investigation will be completed to determine the nature of the complaint and any corrective action that should be taken.

#### **G. Information Technology Acceptable Use Policy**

New Mexico Junior College provides numerous information technology resources for use by the College's students, faculty, and staff. Information technology includes, but is not limited to, all College computing equipment, software, systems and networks. These resources are provided to support the College's mission and institutional goals. The use of these systems is a privilege and all users are expected to act responsibly and to follow the College's policies governing the use of these resources. Violations of this policy could result in disciplinary review. In such a review, the full range of disciplinary sanctions is available including the loss of computer use privileges, dismissal from the College, and legal action. Violations of some portions of the policy may constitute a criminal offense. The College's **Information Technology Acceptable Use Policy** requires that each campus user abide by and agree to the following guidelines:

- **Respect security requirements for computer accounts.**

A computer or electronic mail (e-mail) account assigned to an individual, including student accounts, must not be used by others. Faculty, students, and staff are individually responsible for the proper use of these accounts, including password protection and appropriate use of Internet resources. Making your password or another person's password or access code available to others or otherwise attempting to evade, disable or "crack" password or other security provisions, or assisting others in doing so, threatens the work, privacy, and well-being

of many others and is a serious violation of College policies. Also, faculty, students and staff are responsible for choosing an appropriate password that is difficult for others to guess. If an individual suspects his/her password has been compromised, he/she should change the password immediately.

- **Respect copyright laws**

Computer software use must conform to copyright laws and licensing agreements. Copyright law protects software whether a copyright notice is explicitly stated in the software or its documentation. Software licensed by the College must only be used in accordance with the applicable license. It is illegal to make duplicate copies of software products unless authorized to do so by its author or publisher. Computer users have no right to give or receive duplicates of software without authorization or to install duplicated software onto College computing equipment.

- **Respect the rights of others using the system.**

Computer users shall not use the College's Information technology resources to participate in activities that are harassing in nature or prohibited by law. Sending messages, information, or images that are threatening, harassing, or discriminatory in nature is in violation of College policies and may be in violation of the law. Displaying potentially offensive material in a computer laboratory or other campus location is not allowed. Users are absolutely prohibited from utilizing systems to create, access, store, or disseminate materials that may be sexually or racially offensive, or otherwise insulting or derogatory to persons of a certain race, color, religion, sex, sexual orientation, national origin, age, disability, genetic information, or veteran status.

- **Respect electronic mail guidelines.**

In support of the College's mission, the College encourages the use of its electronic mail services to share information, to improve communication, and to exchange ideas. Any electronic mail address or account associated with the College is the property of the College. Those who use the College's electronic mail services are expected to adhere to state and federal laws, the policies and procedures of the College, and should follow normal standards of professional and personal courtesy and conduct. Electronic communication under a false name or designation is prohibited. Sending anonymous communications does not disassociate senders from assuming responsibility for their actions.

Electronic mail services should not be used in ways that strain the College's computing resources or interfere with others' use of the electronic mail system. Prohibitive uses include, but are not limited to, sending or forwarding chain letters, exploiting list-serves by amplifying widespread distribution of electronic mail, and sending the same electronic mail message repeatedly.

Confidentiality of electronic mail cannot be assured. The system administrator, technical managers, or other persons may need to view the contents of computer accounts and electronic mail to perform maintenance or to diagnose and correct problems. When performing maintenance, the College will make reasonable attempts to ensure the privacy of computer accounts and electronic mail, but cannot guarantee total privacy of the accounts. The user, however, acknowledges and consents that the College may monitor e-mail communication and internet usage in order to insure compliance with this agreement. If policy violations are discovered, they will be reported immediately and appropriate action will be taken.

- **Respect the operational guidelines governing the use of the information technology facilities.**

Administrators responsible for computer systems may establish more detailed guidelines governing the use of the College's computing equipment and facilities. These guidelines cover such issues as allowable connect time, disk space allocations, handling of un-retrievable mail, responsibility for account approval and other items related to administering the systems. The downloading of any software onto computing equipment owned or operated by New Mexico Junior College (unless downloaded material is considered a faculty resource) without prior written approval is not permitted. During peak system utilization times, computer users engaged in activities which are not directly related to the business of the College may be asked to relinquish their access to the system. Settings on computers are not to be changed. Computer users, whether on campus or accessing NMJC resources remotely, are expected to abide by these rules and use the College's computing resources in a responsible and professional manner.

The College provides information technology resources for users to engage in activities that support the work of the institution. Use of the College's resources for commercial reasons, fundraising, political campaigns, or illegal purposes is not acceptable. Non-authorized solicitations on behalf of individuals, groups, or organizations are prohibited.

- **Agreement**

All users of New Mexico Junior College computing systems must read, understand, and comply with the policies outlined in this document. By using any of the College's information technology resources, users agree to comply with these policies.

#### **H. Liability**

The College is not responsible for damage to or loss of personal property in any building or on the grounds of the College, whether the loss occurs by fire, theft, water, or any other cause.

#### **I. Military Recruiting**

NMJC provides Military Recruiting and the Reserve Officer Training Corps Program access to students on campus (Solomon Amendment-Military Recruiting, Part 216 Department of Defense). Those students interested in enlisting in the military or transferring to an institution with an ROTC program should contact the Dean of Enrollment Management.

#### **J. Missing Student Notification Procedure**

NMJC respects and promotes its students' independence and self-sufficiency. At the same time, NMJC seeks to ensure the safety and security of all persons on its campus. If you have a concern or reason to believe that an NMJC student is missing, you are strongly encouraged to make a report of your concerns.

1. **Reporting a Student as Missing**

Any person may report any NMJC Student as missing. Concerned persons should contact NMJC Security at 575-399-2033. It is **not** necessary to wait twenty-four (24) hours before making a report to Security. A report should be made if a student's whereabouts are unknown and unexplained for a period of time that would be regarded as highly unusual or suspicious by persons familiar with the student's life, habits, routines or plans. If a report to Security is not possible for some reason, you are encouraged to make a report directly to local law enforcement personnel.

2. **What Happens When a Report is Made**

Upon receiving a report that a student's whereabouts are unknown under circumstances indicating the student may be missing, NMJC Security will immediately notify the Director of Administrative Services, the Vice President for Student Services and all campus housing staff of the report. Campus Security will check all campus buildings and make a thorough attempt to locate the student on the campus. Housing staff will assist by checking their area of responsibility, including the student's room. Campus Security will also try to contact the student using available information and means of communication and may request the assistance of persons who know the student in such efforts. Other campus personnel as authorized by the Director of Administrative Services or the Vice President for Student Services may pursue additional investigative activities as are reasonable under the circumstances.

3. **Further Actions by NMJC**

If the initial efforts by NMJC to locate a student are not successful and it is determined either that the student has been missing for twenty-four (24) hours **or** that the available information and circumstances reasonably suggest that the student may be injured or otherwise in danger, NMJC will notify the following persons/agencies: (a) local law enforcement; (b) any Emergency Contact for the student on file with NMJC; and (c) the custodial parents or legal guardians of a student under the age of eighteen (18).

NMJC also reserves the right to notify parents, legal guardians and other family members of any student who may be missing, both in the course of trying to locate the student and upon contacting local law enforcement. Once local law enforcement has been notified, NMJC will coordinate and cooperate with law enforcement regarding all additional steps to be taken in trying to locate a student believed to be missing.

#### 4. Emergency Contacts; Confidentiality

All NMJC students (both those living in student housing and those residing off-campus) can designate one or more confidential emergency contacts to be maintained in NMJC's records for such purposes. All students are encouraged to identify at least two emergency contacts and to keep such information current. Students are also encouraged to provide NMJC contact information for the College to use to reach the student in emergencies or when urgent communications need to be sent to the student. See the Emergency Contact policy elsewhere in this handbook for details regarding how to designate and update your emergency contact.

Emergency contact information will be maintained as a confidential student record by NMJC and will be accessible only by authorized college officials and law enforcement as determined appropriate by the Director of Administrative Services or the Vice President for Student Services.

#### 5. Safety Precautions

All students have an important role to play in keeping themselves, their fellow students and the NMJC campus safe for all. Observing common sense safety precautions can reduce the risks to you and your fellow students.

##### **Housing Safety**

- Always keep your housing door locked.
- Do not open your door when you do not know the person knocking.

##### **Vehicle Safety**

- Keep all vehicle doors locked at all times.
- Always check your back seat prior to entering your car.
- Park in a well lit area whenever possible.

##### **Personal Safety—Computer and Internet Safety**

- Be aware of your surroundings.
- Take at least one other person with you whenever possible, especially at night. NMJC Campus Security provides **free on campus security escorts** to students upon request. This service is available 24 hours a day 7 days a week by calling security.
- Let your friends know where you are, how to reach you and when to expect you back (but be careful about posting such information on social networking sites).
- Put the NMJC campus security phone number in your cellular phone and report all suspicious activity when possible. NMJC Campus Security can be reached 24 hours a day 7 days a week at 575-399-2033.

##### **Computer and Internet Safety**

- Do not post information on social networking sites that you would not want a stranger to know about you or your friends, your plans or your location.
- Protect your computer and data with passwords. Always log out of shared computers.

#### **K. Public Information and Advertising**

Because the proper handling of publicity is of utmost importance to NMJC, it is imperative that all news releases, PSAs, photographs, ads, and promotional materials are coordinated through NMJC's College Communications Department. Prior to releasing information to off-campus agencies or extending invitations to the media to visit the campus, arrangements should be made through the College Communications Department.

#### **L. Roller Skates, Rollerblades, Scooters, Skateboards and Other Coasting Devices**

The responsible use of alternative transportation methods including skateboards, roller skates, rollerblades, scooters, and other coasting devices (hereafter referred to collectively as "coasting devices") are allowed on the campus of New Mexico Junior College as a way of reducing reliance on motorized transportation and promoting healthy exercise. Persons may coast or ride upon any sidewalk or improved surface used for pedestrian purposes, subject to the following restrictions:

- Users must yield the right-of-way to pedestrians on foot at all times in addition to golf carts that might be used by employees while working on the interior of the campus

- Coasting devices may not be used in any manner that places pedestrians at risk
- The speed of the device must not exceed 5 miles per hour and the user must remain in control of their coasting device at all times. Riding coasting devices down hills, including the incline at the Western Heritage Center Museum is prohibited
- Coasting devices are not vehicles and their use is prohibited on roadways and in all parking lots on the campus
- The use of the devices for acrobatics, racing or other stunts is strictly prohibited. Riding on any architectural or landscape features other than sidewalks is prohibited. All wheels of the device must be in contact with the ground while in use at all times the operator is using the device.
- The use of coasting devices is prohibited within any building, any covered area and on any artificial turf on the campus.
- Persons using roller skates or rollerblades must remove them before entering all college buildings.

These regulations are effective immediately and will be enforced by the New Mexico Junior College Security Department. The failure to abide by the regulations can lead to the operator being removed from the campus and prohibited from coming back on the campus per the Vice President for Student Services discretion.

Definitions for the terminology used above include;

- Roller Skate: A shoe, or attachment for a shoe, with a set of wheels connected for skating
- Rollerblade: A type of roller skate with in-line wheels
- Scooter: A narrow platform mounted on in-line or skate-type wheels with a handle to allow steering by turning the front wheels.
- Skateboard: A board mounted on skate-type wheels
- Acrobatics, recreational use: Any action on roller-equipped devices that is not necessary for the safe forward movement of the rider and which might be described as a “trick” or “routine”, including, but not limited to, such maneuvers as having all wheels off the ground at the same time, jumping up or down steps, and so on.

#### **Bicycle Use**

Bicycle riders on public roads have the same rights and responsibilities as motorists, and are subject to the same rules and regulations. While on the New Mexico Junior College campus, bicycle use is also allowed on sidewalks and pathways. Bicycles must always yield to pedestrians and are prohibited inside any building or structure.

#### **Cautionary Note**

The use of bicycles and coasting devices on the New Mexico Junior College campus carries with it responsibility and potential liability. Please ride carefully and with all due consideration for the rights of others. Accidental collisions may seriously injure pedestrians, bicyclists, or other skaters. A person riding roller skates or a skateboard who strikes anyone could be deemed liable for all medical expenses of that victim and any damage done to the victim’s or college property.

#### **M. Smoking/Use of Tobacco**

New Mexico Junior College is cognizant of the health hazards associated with smoking / use of tobacco for the smoker, as well as the non-smoker. In an effort to provide a healthy environment for students, employees, and others who may frequent the campus, NMJC prohibits smoking / use of tobacco inside any campus building, facility or college-owned vehicle. This also pertains to e-cigarettes.

#### **N. Solicitation on Campus**

Solicitors who desire to sell merchandise, insurance, stocks, bonds, and similar items are not permitted to solicit on the campus. Exceptions may be made on the sale of merchandise when NMJC serves as a site for events such as trade shows or craft fairs or by special permission from the Vice President for Student Services.

#### **O. Tuition Policy (originally adopted by NMJC Board on 8/19/99)**

The New Mexico Junior College Board has the statutory authority to set tuition rates in order to ensure adequate financing of the college. Upon the recommendation of the President, the Board will annually review and consider changes in tuition

rates as part of the budgetary process. Careful attention and planning of tuition increases will include seeking appropriate input from student representatives, the community, staff, and the Board.

Tuition is the student's share of the instruction and general expenditures that represent the cost of providing an education. In determining tuition rates, NMJC will seek to uphold the following principles:

- Citizens who desire a postsecondary education should have access to these educational opportunities at an affordable price.
- Students and their families are entitled to maximum predictability relating to the cost of attending college. Increases in tuition should be gradual and moderate.
- A reasonable and consistent share of the cost of public education should be shared by the state, local taxpayers, and the student.

The New Mexico Junior College Board will take into consideration the following criteria in determining tuition rates:

- The mission and strategic plan of the college
- The availability of state funding
- The formula tuition credit rate and other state initiatives adopted by the legislature
- The district's contribution through local mill levy revenues
- The tuition rates of other two-year institutions
- The financial needs of the college, considering other revenue sources and unrestricted reserve balances
- The sources of need-based financial aid available to students for offsetting tuition increases.

#### **P. Voter Registration**

NMJC will make a good-faith effort to distribute a voter registration mail-out form, requested and received from the State of New Mexico, to each student enrolled in a degree or certificate program and physically in attendance at the institution and to make such forms widely available to students (Voter Registration Amendment, section 489 Higher Education Amendment, 1998). Voter registration forms can be picked up at the Student Life Office in the Ben Alexander Student Learning Center. Voter registration information is e-mailed to all enrolled students at the beginning of each fall semester.

## Section II Rights, Privileges, and Responsibilities of Students

The College's primary function is to provide education for those persons who enroll within the system. The goal of the College is to provide an educational environment that will include the opportunity for academic, social and personal growth. Enrollment in a state-supported educational institution of higher learning is not compulsory. It is optional and voluntary. By voluntary entrance into the academic community, the student assumes obligations of performance and behavior reasonably imposed by the institution of choice relevant to its lawful missions, processes, and functions.

Freedom of discussion, inquiry, and expression is protected and nurtured in the classroom as the safeguard of the freedom to learn. Students are expected to exercise their freedom to learn in a manner consistent with the maintenance of good order. Responsibility for good order in the classroom is vested in the instructor, and responsibility for maintaining order elsewhere is set forth in the "Code of Conduct and Discipline."

The College assumes that the student has earnest educational purpose and maturity of reasonable behavior. This assumption continues until the student demonstrates otherwise. Every student is subject to federal, state, and local laws and is expected to be familiar with the requirements of such laws. Any student who violates any provision of those laws is subject to disciplinary action, including expulsion, despite any action taken by civil authorities on account of the violation. The College strives to assure due process and to outline specific ways of appeal in case of disagreement with administered discipline.

### A. Student's Rights

**Article I** – A student shall have the right to participate in a free exchange of ideas and there shall be no college rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition, and peaceful assembly as set forth in the U. S. Constitution. Contact the Vice President for Student Services for approved areas.

**Article II** – Each student shall have the right to participate in all areas and activities of the College, free from any harassment and any form of illegal discrimination and without regard to any subgroup classification or stereotype.

**Article III** – A student has the right to personal privacy except as otherwise provided by law. This will be observed by students and College authorities alike.

**Article IV** – Each student subject to disciplinary action arising from violations of College student rules shall be assured procedural due process. At all judicial hearings, an accused student shall be assumed innocent until proven guilty, and in initial judicial hearings, the burden of proof shall rest with those bringing the charges. In all proceedings, the student shall be guaranteed substantive and procedural due process.

### B. Student's Responsibilities

**Article I** – A student has the responsibility to respect the rights and property of others, including other students, staff, faculty, and administration.

**Article II** – A student has the responsibility to be fully acquainted with the published College Student Handbook and to comply with it and with the laws of the land.

**Article III** – A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire College community.

**Article IV** – A student has the responsibility to recognize the College's obligation to provide an environment for learning.

  - Enter your **Password**, initially set as your birth date. For example, January 5, 1983 = 010583. The first time you log in, you will be required to set up answers to security questions. Then after selecting an option under the Student tab such as "Look Up Classes," you will receive a message that your Password has expired and you will be prompted to create a new password.
  - Select the **Student** tab and look at the **Registration Tools** section.

### To Add Classes\*

- If you know the CRN numbers for the courses in which you wish to enroll, select **Register Now/Add a Course**. Select the appropriate term and the **Add Classes Worksheet** will appear at the bottom of the next page. Enter the CRN numbers for the classes directly onto the worksheet. When all CRNs are entered, select **Submit Changes**. Your course registration will show on the next screen.

## **General Academic Information**

### **A. College Transfer Transcripts**

Credits earned at other postsecondary institutions may be transferred and applied toward program requirements in accordance with the following guidelines:

- An official transcript from each institution attended must be sent directly to the NMJC Registrar's Office for evaluation.
- International transcripts—Students must provide an evaluation by an approved agency of the National Association of Credential Evaluators. If the original document is in a foreign language, the student must submit an original English translation certified by a member of the American Translators Association (atanet.org). Original or officially certified copies and/or translations must include a grade scale and explanation of academic term. These transcripts may also need to be evaluated by the National Association of Credential Evaluators.
- To receive transfer credit for career and technical courses that are more than 10 years old the student must request that the Registrar's Office refer the transcript(s) to the appropriate department for review. An interview and/or demonstration of competence may be required before the decision regarding credit is made.
- Remedial and upper-division courses are not transferable to NMJC.

### **B. Academic Honors**

It is the policy of New Mexico Junior College to recognize exemplary achievement of its students in the performance of their course work and in their participation in academic and extra-curricular programs. Students who exhibit outstanding personal achievement are eligible for special honors under the various following student honors programs:

#### **Graduation Honors**

Graduation with Honors will be calculated by NMJC using the following criteria:

- The GPA will be determined by using only NMJC courses;
- To be considered for honors, students must have completed 30 credit hours of non-developmental courses at NMJC;

- The NMJC cumulative GPA must total 3.5 or higher;
- For the printed commencement program, the calculation will be made only on those courses that have been completed through the end of the fall semester prior to the spring graduation; and
- For posting to the transcript, the cumulative grade point average to determine honors will be calculated at the end of the semester in which students complete degree requirements.

### **Phi Theta Kappa**

Psi Theta Chapter of Phi Theta Kappa was organized in 1972 at NMJC, to recognize and encourage leadership and scholarship among the students. Membership is by invitation, and to qualify, a student must accumulate 12 credit hours, establish a 3.5 grade point average, and maintain at least a 3.2 grade point average. Phi Theta Kappa members may apply for PTK scholarships at various senior colleges. The honor society also hosts social events and special ceremonies to recognize students, faculty, and/or community members.

### **Honor Lists**

New Mexico Junior College recognizes top scholars at the end of each fall and spring semester. Students who have enrolled in and have completed twelve or more semester hours of college-level course work and whose academic achievements are worthy of recognition are honored.

In order to make the President's Honor List, students must

1. Be enrolled in at least 12 semester hours of college-level work; and
2. Earn a grade point average of 4.0.

To make the Vice Presidents' Honor List, students must

1. Be enrolled in at least 12 semester hours of college-level work; and
2. Earn a grade point average from 3.5 to 3.9, with no grade less than a "B".

To make the Deans' List, students must

1. Be enrolled in at least 12 semester hours of college-level work, and
2. Earn a grade point average from 3.0 to 3.49, with no grade less than a "B".

Developmental and transitional courses are not college-level courses and do not count for honors list purposes. Students enrolled in any developmental or transitional courses are not eligible for the honors lists.

### **Outstanding Student Awards Presentation**

Near the end of each academic year, students who have shown exceptional achievement in the various areas of study offered by the College are honored. Students honored in the awards presentation receive recognition for demonstration of outstanding academic ability to specific areas of study.

### **Who's Who Among Students in American Junior Colleges**

The Who's Who honor is based upon scholarship and leadership activities of students. The Student Life Office selects recipients of this prestigious honor. Names and biographical information are published in the yearly edition of *Who's Who among Students in American Junior Colleges*.

### **C. Academic Policies**

The course syllabus is a contract between the professor and the student. Students should read the course syllabus carefully. In all academic matters, policies in the course syllabus may take precedence over the general policies outlined in this handbook. The Vice President for Instruction (VPI) is the final authority for academic policy and discipline in the academic arena.

### **GRADE APPEALS**

If a student has reason to believe that a final grade he/she has received is incorrect, the student must first contact the professor and informally attempt to resolve the issue before beginning a formal, written grade appeal.

If no satisfactory resolution is reached, the student may then proceed with the formal, written, grade appeal process, as noted below.

A formal, written grade appeal must be started no later than the last day of classes of the first long (regular) semester which follows receipt of the disputed grade.

For example, to appeal a grade received for a class completed during the fall semester, the student has until the last day of the following spring semester to begin the written appeal.

The only grounds for a student to appeal a final, semester grade are:

1. The grade is allegedly based on an error in calculation.
2. The grade allegedly did not follow the grading criteria as stated in the course syllabus

It shall be the responsibility of the student to prove that the grade is incorrect or unjustified. Students may not appeal disagreements based on teaching methodologies, attendance policies, or grade weighting methods.

Academic Dishonesty issues go through the Academic Dishonesty process, not through the Grade Appeal Process.

During the term of the course it is the student's responsibility to communicate any concerns he/she may have about the course or grade to the Professor.

An appeal will not be heard at any level unless the proper appeal steps have been followed.

### **Process for a Formal, Written Grade Appeal**

#### **I. Written Appeal to Professor**

- a. The student is to obtain the Formal Grade Appeal Form from the Academic Division in which the course was offered or from the Registrar's Office.
- b. The student is to contact the Professor and provide the Formal Grade Appeal Form with the top section already completed by the student. This is to allow written documentation of reasons for the appeal. This contact with the Professor may be by any method including person-to-person, letter or e-mail. If the Professor is not available, the student should submit the Formal Grade Appeal Form to the Dean who supervises the Professor. (This information may be obtained from the Registrar's Office or the Vice President for Instruction's Office.)
- c. The Professor will complete his/her part of the Form within 10 business days (Monday – Friday) following receipt of the form from the student
- d. The Professor agrees with the student request for grade change. Within 5 business days of that decision, a Grade Change Form will be initiated by the Professor and submitted to the Registrar.
- e. If the Professor does not agree with the student, the grade remains unchanged.
- f. The student may either accept the Professor's decision or advance the appeal to the appropriate Academic Dean no later than 20 business days following receipt of the Professor's decision.

#### **II. Written Appeal to the Academic Dean**

- a. The student makes a formal, written appeal to the Academic Dean by submitting a copy of the Grade Appeal Form as completed at the previous level, to the appropriate Dean.
- b. The Dean will complete his / her part of the Form within 10 business days of receiving the formal, written request for appeal from the student. If the Academic Dean agrees with the student request for a grade change, within 5 business days of that decision, the Dean will have a Grade Change Form initiated.
- c. If the Dean does not agree with the student, the grade remains unchanged.
- d. The Student may either accept the Dean's decision or advance the appeal to the Vice President for Instruction no later than 20 business days following receipt of the Dean's decision.

#### **III. Written Appeal to the Vice President for Instruction**

- a. The student requests a formal, written appeal to the Vice President for Instruction by submitting a copy of the Form, as completed at the previous levels, to the Vice President for Instruction.
- b. The Vice President will complete his / her review of the grade appeal request within 10 business days of receiving the formal, written request for appeal from the student.
- c. If the Vice President agrees with the student request for a grade change, within 5 business days of that decision, the Vice President for Instruction will have a Grade Change Form initiated.
- d. If the Vice President does not agree with the student, the grade remains unchanged.

The decision of the Vice President for Instruction is final. No further appeals of this grade may take place.

## ACADEMIC DISHONESTY POLICY

As a college of higher learning, NMJC is concerned that all participants in the learning environment conduct themselves with a high level of academic honesty and integrity. As much as it is the students' responsibility to conduct themselves according to accepted values of honesty and integrity, so too is it the institution's responsibility to provide a fair and equitable process for addressing behavior that falls outside of what has been deemed as acceptable.

## ACADEMIC DISHONESTY

**Academic dishonesty (commonly known as cheating) is any behavior on the part of a student that results in that student or any other students giving or receiving unauthorized assistance in an academic exercise or receiving credit for work which is not their own. Such acts include, but are not limited to:**

- Unauthorized aids – Use of material, information, or study aids not permitted by the professor during tests, quizzes, or other graded class activities. This also includes intentional sharing of information or working together on a graded academic exercise when such collaboration is not approved by the professor. The cheating might be premeditated as in the case of preparing "cheat sheets" or securing a copy of the test beforehand or opportunistic as in the case of looking at another student's test.
- Plagiarism – Use of another person or group's words or ideas without clearly acknowledging the source of that information, resulting in the false representation as one's individual work. To avoid plagiarism, a student must give credit when he / she uses:
  - Quotations of another person's spoken or written words.
  - Paraphrases of another person's spoken or written words.
  - Another person's data, solutions, or calculations without permission of the source, including an individual's computerized files.

Students must educate themselves about plagiarism. **Ignorance is not a legitimate defense against a charge of plagiarism.**

- Falsification/Fabrication – Intentional and unacknowledged invention or alteration of any data, incident, quotations, or citations in an academic exercise.
- Facilitating Academic Dishonesty – Intentionally or knowingly helping or attempting to help another student to violate any aspect of academic dishonesty.

## ACADEMIC SANCTIONS

In all cases of academic dishonesty, the professor should document the suspected event, meet with the student(s) in question and impose an academic sanction at the professor's discretion. The VPI will maintain a centralized report of all cases of academic dishonesty. In cases of repeat offenders or students on probationary status, the student will be summoned to the office of the VPI for a disciplinary hearing and a determination will be made if additional sanctions, including an, "F" in the course or removal from the course of instruction is warranted. The student, professor, and dean are notified of any further academic sanctions rendered by the VPI.

In all cases of disruption of the educational process, the professor should document the suspected event, meet with the student(s) and impose a disciplinary sanction up to removal from the class. The professor may make a recommendation to

the dean (director) and VPI that the student be expelled from the class or program. The professor will provide the dean and VPI a copy of the documentation.

All persons authorized to administer discipline (either academic or behavioral) will establish a course of just cause and due process. Severity of the infraction and prior violations will aid in determining to what extent discipline will be meted.

### **APPEAL PROCESSES**

The student may appeal any academic dishonesty determination or sanction by submitting a written request within one week of receipt of the notification of sanction. The three stage appeal consists of professor, dean, and Vice President for Instruction and the written appeal must include the following:

- The name of the professor who imposed the academic sanction;
- The name of the student requesting the appeal;
- The course number, course name, and section;
- A description of the imposed sanction; and
- The grounds for the appeal.

After reviewing the appeal, the professor, dean, and Vice President will take one of the following actions:

1. Deny the appeal request or
2. Grant the appeal request and refer the matter back to the professor to amend the original decision and sanction.

The student submitting the appeal is notified in writing of the decision by the professor, dean, and Vice President for Instruction regarding the outcome of each stage of the appeal.

### **Grievance Procedure**

Any student with a grievance other than the one relating to academic matters will present his / her grievance in writing for discussion, first to the Vice President for Student Services. If the grievance is still not resolved, the student will send a copy of the grievance for discussion to the College President. The student shall always have the right to appeal to the New Mexico Junior College Board. However, before the Board will hear a grievance, the student must have followed the procedure as outlined herein. When an appeal is to be made to the NMJC Board, the student will address a communication, including a copy of the written grievance, to the Board Chairperson, New Mexico Junior College, 1 Thunderbird Circle, Hobbs, New Mexico 88240. A copy of these materials must be sent to the College President. Upon receipt of an appeal to the Board, the Chairperson, with the membership, will determine if a hearing will be held, and if so, when, where, and under what conditions. The Board will consider an appeal for a hearing only when the request is submitted by the student(s) involved.

### **Attendance**

Regular, punctual attendance is required for classes at NMJC. Students are responsible for assignments given and due in their absence. When students plan to miss class they should notify their professors **prior to missing class**. When unavoidable circumstances make attendance impossible, students must provide a satisfactory explanation of their absences to their professors. College-sponsored activities are considered excused absences and instructors will be notified of those students who will be absent from class. Students having absences due to college-sponsored activities will be permitted to make up work. It is the responsibility of the student to communicate with their professors before missing class for college-sponsored activities and to take care of required work.

### **Online Course Attendance Policy and Participation Expectation**

Students are not considered "as attending" an online class until they have actively completed an initial assignment or survey. It is expected that students log in to Canvas at least three times weekly to check the inbox to keep current with messages and updates. Students are expected to complete discussions, quizzes, tests, and assignments before the deadlines expire.

### **Military Absence**

Any student serving as a reservist in the armed forces who is called up for active duty should contact the Office of Enrollment Management to explore potential options to continue or terminate his / her current enrollment. The Dean of Enrollment Management, along with the academic deans, will first explore ways to assist the student in completing his / her classes. If this is not feasible or viable, the College will offer the student a tuition waiver for a subsequent semester when he / she returns from active duty. Documentation of the waiver will be maintained with the student's permanent record. To ensure that NMJC is more than fair in our policies regarding military absence, we will process refunds that go beyond our normal school refunds – on a case-by-case basis.

A student called up for active duty should contact the Dean of Enrollment Management in person or through written means as soon as his / her orders are received. The student will need to provide a copy of his / her orders.

#### **D. Disenrollment Procedures**

Registration is not complete until students pay their bill, which is due within 48 hours of registration for classes. If payment is not made, students who have not paid or made a "serious financial commitment" toward registration at NMJC will be disenrolled according to published policy. A student is considered to have made a "serious financial commitment" under any of the following circumstances:

- The student has set up a formal payment plan through FACTS.
- The student has pending financial aid awards and the student has set up payment through FACTS.
- The student has a third-party contract and the institution has reasonable assurance that the payment will arrive shortly after the census date.
- The institution has received a valid purchase order from a third party for which full payment will be received by the end of the semester, regardless of the student's academic outcome; for example, a local school district agrees to these terms.

#### **E. Drop Policy**

Students may drop a class through the first five days of each regular fall or spring semester, the first three days of an eight-week session, and the first two days of a four or five-week session. Classes dropped during these time periods will not appear on a student's permanent record. Specific drop deadlines are listed in the Academic Calendar ([www.nmjc.edu/academics/calendar.asp](http://www.nmjc.edu/academics/calendar.asp)) of the NMJC Catalog. Students who register and do not want to be held liable for tuition and fees and / or have a transcript record created must drop the class(es) by these deadlines or they will be liable for all tuition and fees. Students may use the T-Bird Web Portal in order to change their schedule or they may fill out and sign an official add/drop form and submit it to the Registrar's Office. Notifying the instructor, and advisor, or simply not attending class is not sufficient to ensure that students are dropped from class.

#### **Dropping a Class or Withdrawing**

Courses may be dropped after the deadlines noted above; however, students will still be liable for tuition and fees and will receive a grade of "W" for the course(s). Students may use the T-Bird Web Portal or if there are holds on their accounts, they may submit a signed official drop or withdrawal form to the Registrar's Office. Students should not assume that they will be dropped for non-attendance. The final deadline to drop or withdraw for each semester or term is printed in the Academic Calendar ([www.nmjc.edu/academics/calendar.asp](http://www.nmjc.edu/academics/calendar.asp)) of the NMJC catalog.

A student who complies with policies to drop a class will receive a grade of "W", and this will be recorded on the student's permanent record but will not be used in the calculation of the student's semester or cumulative grade point average. However, dropping courses may affect current or future financial aid, athletic scholarship, and other scholarships. Students receiving financial aid and / or students participating in intercollegiate athletics should contact Financial Aid to discuss the impact of dropping or withdrawing and, in the case of an athlete, should contact his / her coach to determine the effects dropping will have on eligibility.

#### **Online Course Withdrawal Policy**

Students withdrawing from a course after the "Last Day to Receive Refund" will be liable for tuition and fees and will receive a grade of "W" for the course(s). A student who chooses to stop attending class should withdraw from the class by accessing their student account in the T-Bird Web Portal at [www.nmjc.edu](http://www.nmjc.edu) or by submitting the required paperwork to the

Registrar's Office before the final deadline to withdraw for each semester or term as printed in the Academic Calendar of the NMJC catalog ([www.nmjc.edu/academics/calendar.asp](http://www.nmjc.edu/academics/calendar.asp)). A student who fails to withdraw from a course by this date may receive an "F" in the course. All students are encouraged to discuss their class status with the professor prior to withdrawing from the class. Failure to log on to a Canvas course for one-eighth of a semester term may, at the professor's discretion, result in the professor dropping a student from a course. One-eighth of each term is as follows:

- Full sixteen week term – two weeks
- Eight week term – one week
- Five week term – three days
- Four week term – two days

#### **F. Food and Drinks in the Classroom**

Food items and soft drinks may not be consumed in NMJC classrooms. Students are also discouraged from bringing food and drink items into the classroom even though these items remain in sealed packaging. **Bottled water is permissible.**

#### **G. Payment Policy**

All amounts owed to the College are payable in full to the NMJC Business Office or through the FACTS online payment solution within 48 hours of registering for classes. The following payment policy applies to all amounts including tuition and fees, housing, meal plans, bookstore charges, checks returned for insufficient funds, and charges for student violations or damages to NMJC property.

Should a student have remaining charges assessed during the semester, a final bill will be mailed to the student's last known address demanding full payment of the balance. Failure to make satisfactory payment for the entire balance within ten (10) days of the final billing may result in the following:

- The student may be withdrawn from all classes.
- The student may be removed from college housing.
- The student's transcript will be placed on "hold" status.
- Legal collection action may be initiated.

In the case of an "insufficient funds" check, the student must remit full payment of the check amount plus a \$25 service charge. The failure of the student to make the payment shall result in possible prosecution as provided under the New Mexico Worthless Check Act.

**FUTURE ENROLLMENT WILL BE DISALLOWED UNTIL ALL AMOUNTS OWED BY THE STUDENT ARE PAID IN FULL.**

#### **FACTS Payment Plan**

To help students meet their education expenses, New Mexico Junior College is pleased to offer FACTS as a convenient online payment option. Students who choose to use FACTS may select installment plans that are spread over several months, depending on the length of the semester. They may choose to make payments from their checking or savings account or by Visa, MasterCard, American Express, or Discover credit cards. In addition to the variety of choices available, the student also has the convenience of paying online as soon as he / she has registered.

The only cost to budget monthly payments through FACTS is a \$25 per semester non-refundable FACTS enrollment fee. If a student wishes to pay in full instead of creating a monthly payment, there is no additional fee charged.

In order to use the payment plan, you must sign up online through the T-Bird Web Portal. Login, select the "Student" tab, and click on the link "Pay Now or Set up a Payment Plan (FACTS/Nelnet). Review your term balance for accuracy, then click on the "Sign up for a Payment Plan". You will be taken to the FACTS payment portal. Select the appropriate term and click "Submit". After clicking the "Sign up for a Payment Plan" button, you will be led through the process of creating a FACTS agreement. You will need to have the following information available:

1. Nine digit Student ID (A#);
2. The name, address, and e-mail address of the person responsible for making the payments;
3. Information to create your FACTS Access Code; and

4. Account information for the person responsible for payment.
  - If paying by automatic bank payments, you will need the bank name, telephone number, account number, and the bank routing number. Most of the information is located on your check.
  - If paying by credit card, you will need the credit card number and expiration date.

You may budget your tuition and fees in one of two ways:

1. **Automatic Bank Payment (ACH)** – ACH payments are those payments you have authorized FACTS to process directly with your financial institution. It is simply a bank-to-bank transfer of funds that you have pre-approved for your expenses at New Mexico Junior College. Payments may be made from either your checking or savings account. Payments are processed on the 5<sup>th</sup> of each month and will continue until the balance is paid in full.
2. **Credit Card Option** – Many payers have requested the option of charging their monthly tuition payment to their credit card. This enables them to take advantage of various bonus programs offered by their credit card company. If they elect to use this option, their monthly payment, along with a convenience fee, will automatically be charged to the designated credit card. The convenience fee is in addition to the non-refundable FACTS enrollment fee.

## H. Study Requirements

Each hour spent in class requires three hours of study outside of class. In other words, if a student takes a three credit hour class, nine hours of outside study will be required in order for the student to be successful in class.

## Section IV Student Records

### A. Education Records / Custodians of Records

New Mexico Junior College maintains a variety of student records. Students who have questions about records or who wish to access their records should contact the Dean of Enrollment Management.

### B. Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access. Students should submit to the Office of Enrollment Management a written request that identifies the record(s) they wish to inspect. The NMJC official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the student records are not maintained by the NMJC official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed;
2. The right to request the amendment of the student's education records which the student believes are inaccurate or misleading. Students may ask the College to amend a record he / she believes is inaccurate or misleading. They should write to the College official responsible for the record, clearly identify the part(s) of the record they want changed, and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
  - a. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by New Mexico Junior College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education

record in order to fulfill his or her professional responsibility. Upon request, the College discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

- b. A second exception which allows disclosure without consent of the student is to contact parents of any student under 21 years of age if she / he has violated policies about alcohol or drug use, regardless of whether the parents claim the student as a dependent for tax purposes. Also, information about the results of a disciplinary proceeding can be released to anyone if the student is an alleged perpetrator or a crime of violence or non-forcible sex offense AND if the student violated institutional policies because of the crime.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by New Mexico Junior College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

### **Q. Veterans Administration Benefits**

Eligible students may apply for VA benefits through the Enrollment Management Office by submitting the proper forms. The following forms are available:

- Veteran's Application for Program of Education or Training;
- Entrance or Re-entrance into Training;
- Disabled Veteran's Application for Vocational Rehabilitation;
- Requests for Approval of School Attendance;
- Requests for Change of Program or School;
- Statement of Dependence;
- Application for Education Assistance; and
- Spouse or Children of Disabled or Deceased Veteran.

VA Benefits for qualified students are computed on full-time or part-time academic status. Full-time students are those who maintain twelve (12) or more credit hours during a regular semester. Students enrolled for nine (9) to eleven (11) semester credit hours during a regular semester are considered 3/4 time students; students enrolled in six (6) to eight (8) semester credit hours during a regular semester are considered 1/2-time students; and students enrolled in one (1) to five (5) semester credit hours are considered 1/4-time students. During summer sessions, students enrolled in four (4) or more semester hours are considered full-time; students enrolled in three (3) semester hours are considered 3/4 -time students, and students enrolled in two (2) semester hours are considered 1/2-time students.

The VA pays strictly by the actual dates of a student's courses within each term or part of term. For example, a student enrolls only in the minimum hours required for a full-time load for a semester but has a course that ends halfway through the semester. The student is not considered full-time by the VA once the course has ended and is then paid based upon the number of credits still in progress.

Along with the application for Program of Education or Training, the student must include certified copies of discharge (DD-214) and, when applicable, original marriage license and birth certificates of children claimed as dependents.

### **Veteran Attendance Policy**

Veterans who are receiving educational benefits through the Veteran's Administration are expected to attend all class sessions and to complete the assigned work. Any student who does not satisfy faculty standards of attendance and performance in a course may be dropped from the course by the professor. When a veteran's course load changes, either by dropping courses or by being dropped from certain courses, the Veteran's Administration is informed immediately of the status change. This process may create an overpayment, causing the monthly payment to decrease or stop until the overpayment is removed. Veterans are required to keep the VA representative in the Enrollment Management Office informed of any changes to their degree option and course schedule during the drop / add period of enrollment.

Vehicle access to inner campus is prohibited unless prior arrangements have been made through New Mexico Junior College Security or the NMJC Physical Plant.

Students, faculty, and staff may park in any available parking space except for those spaces designated for handicapped, visitors, reserved for college administrators, or clearly marked parking area reserved for other use. Only vehicles displaying an official handicap permit may park within spaces identified for handicapped use. According to New Mexico Motor Vehicle Code 66-7-352.2, it is unlawful for any person to park a motor vehicle not displaying a special registration plate or a parking placard in a designated disabled parking space. NMJC security employees are permitted to issue handicap violations citations. NMJC's parking citation fines are listed in this section under Vehicle Violations.

According to New Mexico Motor Vehicle Code 66-7-352.2, if the handicap citation is issued by a law enforcement agency or non-NMJC security employee, the fine shall not be less than \$250 and not more than \$500 for each offense. A vehicle that blocks any part of a curb cut designed for access by persons with severe mobility impairment is also considered a violation of this statute. The statute also permits the towing of vehicles at the expense of the vehicle owner for violators of this statute.

Students, faculty, and staff are required to comply with the direction of individuals representing NMJC in the enforcement of the NMJC Traffic and Parking Regulations. NMJC assumes no liability and no responsibility for losses from fire, theft, or vandalism when cars are parked on the college campus.

## Section VIII Crime Awareness & Campus Security

### A. Campus Security

The College strives to maintain a safe and secure environment in which to work and study. New Mexico Junior College is concerned about the protection of persons and property. The institution cannot, however, guarantee the absolute safety of any one individual. Personal safety must begin with the individual. NMJC provides a number of safety services and programs, including twenty-four hour coverage by Security employees. To reach Security, please call **(575) 399-2033 or (575) 492-2789**.

New Mexico Junior College Security is responsible for securing buildings and providing campus-wide patrol. They also perform investigations and document incidents that occur on campus. In the event follow-up is necessary, or an incident constitutes a criminal offense, the Hobbs Police Department, Lea County Sheriff's Department or New Mexico State Police may be notified. NMJC will inform the parents or legal guardians of students under age 21 who have violated laws on the use or possession of alcohol or drugs, as allowed by the Higher Education Amendments of 1998.

Preventing crime is a responsibility shared between the College and its constituents, including students, faculty, and staff. One cannot assume someone else has reported criminal activity. Suspicion is the only reason one needs for contacting a security employee. If you are the victim or witness to a crime, contact Security as soon as possible. It will be helpful to supply Security with as much information as possible. This will allow a campus search to begin immediately and for neighboring law enforcement agencies to be notified.

To avoid becoming a victim, the following tips are offered for your safety and property security:

- Report strangers to proper authorities.
- Avoid getting into vulnerable, not exit situations.
- Call when confronted by suspicious or threatening people.
- Keep your residence hall room locked.
- Walk in groups of at least two or call (575) 399-2033 for an escort.
- Walk with confidence and avoid walking in dark, unlit areas.
- Engrave valuables with identification numbers.
- Identify your textbooks in several places.
- Familiarize yourself with locations of telephones.

Additional information concerning Security services, crime prevention, general safety, and security on and off campus is available through the Security Office. In compliance with the Campus Crime Awareness and Campus Security Act of 1990, the College distributes to all current students and employees descriptions of policies related to campus safety and statistics concerning specific types of crimes.

### B. Crime Awareness Statistics

In accordance with the Campus Crime Awareness and Campus Security Act of 1990, New Mexico Junior College provides information relating to crime statistics and security measures to prospective students, matriculated students, and employees. Statistics for reported criminal activities for the previous three school years are posted on the NMJC website at [www.nmjc.edu/administration/consumer\\_information\\_disclosures.aspx](http://www.nmjc.edu/administration/consumer_information_disclosures.aspx). For additional information and/or further breakdown of incidents reported to the Office of Security, please contact the Director of Administrative Services or the Vice President for Student Services.

### C. Sexual Assault

New Mexico Junior College provides programs that can be attended on a voluntary basis by students and staff on request. Topics included in these programs are rape, acquaintance rape, and other forcible or non-forcible sex offenses. The meeting places and times will be posted on public bulletin boards, in the student residence halls, and through campus mailings.

NMJC will not tolerate sexual assault activities of any type, either by staff or student. However, should an incident of sexual assault occur on campus, these procedures should be followed:

- Immediately notify campus Security. The Director of Administrative Services will then notify the proper law enforcement agency. If campus Security cannot be reached for any reason, call 911 for immediate response by law enforcement officials.
- Do not disturb the scene of the crime. Evidence is very fragile; trained evidence technicians will collect it. Do not change clothing, shower, or bathe following a sexual attack. Valuable evidence can be collected and its integrity must be maintained.
- The Director of Administrative Services will notify appropriate NMJC administration members.
- The administration at NMJC wants to maintain a safe campus environment and is concerned about the welfare of all members of the campus community. Should a member become the victim of a sexual assault, the institution will make every effort to insure that the victim receives immediate attention, as well as follow-up counseling and assistance. In Hobbs, counseling can be received through the Guidance Center of Lea County, 920 West Broadway, (575) 393-3168.
- The administration of NMJC will make every reasonable effort to accommodate a change in academic or living arrangements, if requested by the victim.
- Both the accuser and the accused are afforded the opportunity for due process, whether the incident is handled through the court system, or through the campus administrative process. Both parties are entitled to have other individuals present during a proceeding. The parties will be notified of the administration's final determination and imposed sanctions.

#### **D. Sexual Harassment**

The New Mexico Junior College sexual harassment policy covers all full-time and part-time employees and students of the College. The policy can also extend to former students and former employees when sexual harassment has resulted in a change of the employee's or student's status to that of a non-employee or non-student prior to resolution of any alleged sexual harassment.

Discrimination on the basis of sex is a violation of the Civil Rights Act of 1964, the Civil Rights Acts of 1991, and Title IX. NMJC prohibits sexual harassment activity, which is a form of sexual discrimination, by any of its employees or students. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment when any of the following occurs:

- Submission to such conduct is made either explicitly or implicitly as a term or condition of employment or instructional service.
- Such conduct has the purpose or effect of interfering with an individual's work or classroom performance, or creating an intimidating, hostile, or offensive work, classroom, or campus environment.
- Submission to, or rejection of, such conduct by an individual is used as the basis for delivery to, or withholding of, the institution's services.

Unwelcome conduct of a sexual nature and a hostile work, classroom, or campus environment includes, but is not limited to:

- Verbal or physical sexual advances, including subtle pressure for sexual activity; touching, pinching, patting, or brushing against; flirtations or verbal abuse of a sexual nature; graphic comments regarding physical or personality characteristics of a sexual nature; the display in the workplace of sexually suggestive objects or pictures; and sexually oriented kidding, teasing, and jokes.
- Verbal or physical conduct of a sexual nature may constitute sexual harassment when the allegedly harassed employee or student has indicated, by his/her direct communication or conduct, that it is unwelcome.

- *An employee or student who has initially welcomed such conduct by active participation must give specific notice to the alleged harasser that such conduct is no longer welcome in order for any such subsequent conduct to be deemed unwelcome.*

Any student who believes that he/she is the object of sexual harassment or who has knowledge of any sexual harassment of any other student should immediately report it to the Vice President for Student Services or his/her appointed designee. A prompt, confidential investigation will be conducted of any reported sexual harassment. **Charges of sexual harassment must be made no later than fifty (50) days after the alleged occurrence.** Appropriate disciplinary action, up to and including suspension or termination of the student, will be taken against any student who is found to have been responsible for sexual harassment or for knowingly permitting a sexually hostile environment to exist. Confidentiality will be maintained within the limits of an investigation, and no reprisals or retaliation will be allowed to occur as a result of good faith reporting of charges. Complaints of sexual harassment by students or unwelcome conduct of a sexual nature by a student are to be formally pursued under the disciplinary procedure and/or the grievance procedure within the NMJC Student Handbook.

#### **E. Student Emergency/Critical Incident Information**

New Mexico Junior College is committed to providing a safe environment for all visitors, staff and students. The Emergency/Critical Incident Information sheet is intended to highlight potential areas of risk to campus personnel and facilities. NMJC has identified potential risks and has prepared a plan for emergencies. The plan will not prepare students for all eventualities; however it is intended to give students a basic awareness of disaster preparedness. Students should familiarize themselves with the information provided and be prepared to take action in the event of an emergency. (Students are encouraged to notify faculty and the Coordinator of Special Needs Services at (575) 492-2576, of potential medical conditions that may require emergency response.)

- **Emergency Notification System (RAVE Mobile Safety)**

NMJC has entered into a multiyear agreement with Rave Mobile Safety. This system allows certain key college personnel to send out emergency text, voice, and emails to individuals who work and attend classes on the campus during any type of emergency.

- **Building Evacuation**

In the event an occupied building of New Mexico Junior College has to be evacuated because of an emergency, the emergency notification system will be activated warning occupants of the building that there is a need to evacuate. The person who activates the emergency notification system will give specific instructions as to the immediate actions that should be taken by occupants of the building or campus. Occupants of the building are requested to evacuate in an orderly manner and proceed to the designated area that is announced on the emergency notification system.

If the campus is not being evacuated, the students will be instructed through the emergency notification system that they are to report to a pre-determined "muster area" until emergency can be evaluated and a decision can be made regarding whether to resume or dismiss classes. The "muster areas" are distributed to students in their course syllabi. Maps showing "muster areas" are located on the main hallway wall in each building.

If the campus is being evacuated, students are requested to proceed to their vehicles and drive off campus in an orderly manner observing all traffic rules. Residential students or others not having a vehicle will be provided transportation off campus in the event of an evacuation.

- **Building Safe Areas**

Staff and students are responsible for knowing the location of safe areas in each of the NMJC buildings. Directional signs will be posted in each building. The buildings will be utilized in the event of a tornado, inclement weather, or flash flood situations. Staff and students are also requested to familiarize themselves with the locations of fire extinguishers and fire alarms in the buildings.

### Specific Emergencies

- **Tornado:** The best protection is in an interior room on the lowest level of the building. Go to a safe area and stay until the danger has passed. If no building is available, lie in a ditch or low-lying area.
- **Fire:** Know the location of fire extinguishers and fire alarms in buildings. Activate the nearest fire alarm, or call 911. Evacuate the building in a calm, orderly manner. **Your personal safety is more important than fighting the fire.**
- **Inclement Weather:** From time to time inclement weather can pose problems for students and others using the college central campus and outreach centers. Traveling conditions may vary considerably, depending on the individual's home location in relation to the central campus or outreach center. No student or staff member is encouraged to travel when conditions are considered dangerous. If conditions appear to warrant closing, postponing, or restricting college activities, the President or his designee will make the decision. When a decision is made to cancel, postpone, or otherwise modify a campus or outreach schedule, the President or his designee will notify the Director of College Communications. This person will then notify the listed county and regional radio stations: (KLEA (101.7 FM), KPER (95.7 FM)/KEJL (100.9 FM), KLMA (96.5 FM), KYKK (11.10 AM) and (100.5 FM), KZOR (94.1 FM)/KIXN (102.9 FM)/KPZA (103.7 FM), KBIM-FM (94.9 FM), KIKZ/KSEM (106.3 FM) and television stations (KOAT, KOBR, KBIM-TV) using a prepared, written statement. The decisions to postpone, cancel, or otherwise restrict college classes/activities will be made by 6:00 a.m. for day activities and by 1:00 p.m. for evening activities. Changes in weather conditions during the day may necessitate campus updates for cancellation. Each supervisor will notify his/her staff of any change in schedule. The Computer Center will also be notified and will post notice on the NMJC homepage. In the event of an emergency or school closure the RAVE system will be utilized to make timely notification to any student, faculty and/or staff member who has registered with the system. RAVE messages will be sent via home phones, cell phones, NMJC emails and personal email accounts if a person has registered with the system.
- **Prison Escape:** In the event of an escape from the Lea County Correctional Facility, notification will be made to classes in progress and decisions will be made whether to dismiss classes. All persons are requested to be good witnesses and to report suspicious activity to Security.

## Section IX

### NMJC Student Judicial System

New Mexico Junior College is a tax supported educational institution whose mission is to provide an educational opportunity to all who enroll. Attendance is not compulsory, and whether the opportunity to attend is called a “right” or “privilege,” it is optional and voluntary.

The enrollment of a student at the College is a voluntary entrance into the academic community. By such entrance, the student voluntarily assumes the obligations of performance and behavior which are imposed by the College relevant to its lawful missions, processes, and functions. These obligations may be much higher than those imposed on all citizens by civil and criminal law.

New Mexico Junior College is a learning community consisting of students, faculty, and staff. Just as any community has a culture, along with written and unwritten “expectations” for conduct, we too have a culture with associated expectations for behavior. The community’s expectation is that conduct is marked by integrity. Any student who chooses to enroll at NMJC also chooses to become part of this community and make constructive contributions to its culture. This choice is attended by an obligation to conduct oneself in such a way as to facilitate the mission of the community which is to “...pursue and share knowledge...” The following principles are part of the collective expectation of the members of this community relative to personal conduct. We hope they serve to explain and illustrate our position.

- Civility- Members of a learning community interact with others in a courteous and polite manner. Members of the community have a responsibility to respect values, opinions, or feelings of others.
- Ethical Behavior- The pursuit of a higher education is a privilege. Associated with that privilege is an obligation to aspire to a set of principles and values that demonstrate a commitment to fairness, honesty, empathy, and achievement.
- Morality- Members of a learning community commit to ideals of decent human conduct. This is a lifestyle that seeks to harm no one and attempts to be a positive contributor in every interaction.
- Respect- Every member of this community should seek to both gain and demonstrate respect. Members should hold one another in high regard. Each individual should conduct himself/herself in a manner worthy of that regard. That regard is gained by decent and correct behavior.

The learning community at New Mexico Junior College does not intend to be prescriptive regarding the personal beliefs and value systems of its members. However, this community does believe that it has a right to expect its members to demonstrate personal responsibility and integrity in word and deed. When the conduct of any member falls outside the bounds of civil, moral, and ethical behavior, that member can expect the community of New Mexico Junior College to call such conduct into question. The College reserves the right to discipline students or student organizations for inappropriate actions that occur on or off campus which have a direct detrimental impact on the institution’s educational functions. Students failing to maintain these higher obligations may be asked to leave the academic community. Students are expected to comply with all College policies and procedures including the Code of Conduct.

#### **A. Code of Conduct**

It is understood that a regulation concerning every possible act of misconduct cannot be specifically stated. However, the following acts of misconduct apply whether they are performed singly, within a group, or at a function of an organization. These acts of misconduct could result in arrests and charges being filed under local, state, or federal laws. Finally, the College reserves the right to discipline students for acts of misconduct which have a direct detrimental impact of the institution’s educational functions wherever they occur.

Communications on social media sites such as Facebook, MySpace, Twitter, YouTube, etc. generally are not, but can be, monitored by New Mexico Junior College official(s); however, communications and information on such sites may be brought to the attention of and considered by the Office of the Vice President for Student Services or its designees when it appears that such communications constitute possible violations of the Code of Conduct, particularly those policies relating to harassment or discrimination.

Students should be aware that anything posted online is available to anyone in the world. Any text or photo placed online may become the property of the site(s) and may be completely out of the student's control the moment it is placed online- even if access to a site is limited by a student.

The websites are also regularly monitored by many potential employers, internships supervisors, graduate programs, and scholarship committees as a way of screening applicants. You should be very careful when using online social networking and think about not only your image today among your College peers but who you might want to be in the future.

## **B. Judicial Process**

Students are expected to comply with all College policies and procedures. Students are also advised that violations of policy are cumulative in nature. Although the New Mexico Junior College Student Disciplinary System may have some terminology and actions that mirror the legal system, it should not be confused with the criminal justice system,

The NMJC Judicial Process follows the basic fundamentals of due process when used to adjudicate student violations of college regulations. Procedural due process does not require legal representation, a public hearing, confrontation and cross-examination of witnesses, warnings about privileges, self-incrimination, applications of double jeopardy, or any of the remaining features of criminal jurisprudence. Circumstances, however, may require provision of one or more of these features in a particular case to guarantee the fundamental concepts of due process.

The Vice President for Student Services (VPSS) is charged with the administration of the discipline system at the College. The Vice President for Instruction (VPI) is charged with the administration of discipline in all academic matters. Faculty may impose penalties for acts of cheating and plagiarism by students on any graded work or exam. Department heads, in coordination with program sponsors/coaches may impose penalties for violations in cooperation with the VPSS.

All persons authorized to administer discipline will use discretion in all disciplinary matters, giving consideration to the particular circumstances. Severity of the misconduct and prior violations will aid in determining to what extent discipline will be meted. **Students who have an alcohol violation on campus but are not in housing may be given the same sanctions as a resident student.**

## **C. Possible Disciplinary Sanctions**

1. Educative Sanctions- Papers, counseling, alcohol/drug evaluations, tasks or series of tasks that are educational in nature and/or serve to benefit the group or community at large.
2. Reprimand--(a) Oral reprimand- An oral disapproval issued to the student by a person designated in the decision; (b) Written reprimand- A statement of disapproval prepared by a designated person and delivered to the student in writing.
3. Restrictions- as appropriate to the violation.
4. Restitution- Compensation for loss or damage incurred to the College, or a member/guest of the College community.

7. Probated Expulsion- Notice that further convictions of major offenses, as specified in the decision, may result in expulsion.
8. Expulsion- Severance of the student's relationship with New Mexico Junior College for a specified amount of time (Only by the authority of the Vice President for Student Services or the Vice President for Instruction in cases of academic infractions). In order to return to NMJC, the student must first appeal to the appropriate Vice President **in writing**. This will take place only after the time specified has passed.

#### **D. Interim Suspension**

An interim suspension is a temporary removal of the student based upon the facts which show the student constitutes a danger to property, to self, or to others. The student will immediately be given notice of reason(s) for the interim suspension. Such notice shall be given in writing and hand delivered whenever possible. An interim suspension is not based upon the presumption of the student's guilt. It is a measure to provide safety to all parties involved.

#### **E. Procedural Guidelines**

The following procedural guidelines are established for the handling of disciplinary matters. The Vice President for Student Services is made aware of an incident where a student's conduct may have violated College conduct regulations. The New Mexico Junior College official must make supervisors aware of violation and communication must continue up to and including the Vice President for Student Services (VPSS).

1. Upon receipt of this information, prior to the completion of the investigation, the VPSS will make a determination regarding the threat to property, self, or others and may impose interim suspension sanctions.
2. Upon completion of investigation and documentation of such by the appropriate department head, consequences will be determined by the Vice President for Student Services.
3. Student in question will meet with the appropriate department head. The department head will provide the following information to the student both verbally and in writing;
  - a. The specific charges against them;
  - b. The results of the investigation; and
  - c. The consequences resulting from the investigation;

Students shall sign for and take possession of copies of pertinent information which were utilized in the disciplinary decision. (Investigative records/copies will be maintained at the department level as well as with the Office of the VPSS.)

If the student chooses to challenge the disposition (ruling), he/she may appeal the decision to the Vice President for Student Services. This request must be submitted in writing to the VPSS no later than 3 (three) business days after the student takes possession of all investigative documents.

#### **F. Disciplinary Hearings**

Disciplinary hearings may be requested when students are given suspension or expulsion as sanctions. The student must request a hearing no later than 3 (three) business days after being notified of the suspension or expulsion. During the disciplinary hearings, the accused student should be aware of his/her rights in the judicial process. A student has a right to:

1. Have the violation or charges explained;
2. Appear in person and present his/her defense;
3. Receive copies of all information which will be used during their judicial hearing;
4. Present any other pertinent information including witnesses to the alleged violation (not "character" witnesses). The accused student is responsible for ensuring that witnesses are available for the hearing;
5. Be informed of possible penalties;
6. Hear all testimony and ask questions of witnesses;
7. Remain silent throughout the hearing proceedings;

8. Receive a verbal explanation by the panel chairman and a written summary of the reasons for any decision rendered within five working days;
9. Receive an explanation of the appeal process, the procedure for making such an appeal, and the appropriate deadline; and
10. Neither the student nor the College shall be represented by legal counsel.

A hearing panel will be convened, generally within 7 (seven) business days, of the request by the student. However, when deemed necessary by the Vice President for Student Services, the hearing may be scheduled any time after such request. The student will be notified in writing of the date and time of hearing.

The panel will consist of:

1. The student government president (or designee);
2. A full-time faculty member appointed by the Vice President for Student Services (This person will chair the panel for the academic year);
3. A full-time faculty member appointed by the accused student;
4. A full-time NMJC employee appointed by the VPSS;
5. A full-time NMJC employee appointed by the accused student; and
6. A hearing recorder (for clerical purposes only).

All panelists must be identified and notification of selection made to the Vice President for Student Services at least 24 hours before the hearing is to be held. Each party, the Vice President for Student Services and the accused student, is responsible for contacting and communicating the time and date for the hearing to their respective panelists. Failure to do so will result in the hearing panel being comprised of those parties whose attendance is not optional (Student government president or designee, panel chairman, Vice President for Student Services, accused student, and recorder).

The hearing panel will:

1. Review written information concerning the incident;
2. Review proposed disciplinary action; and
3. Hear other information by all parties pertinent to the case.

At the conclusion of the presentation of information, the hearing panel will render a decision on the matter. The decision will consist of one of the following:

1. Uphold disciplinary decision in its entirety;
2. Uphold disciplinary decision in some, but not all, aspects and provide alternative action, if needed; or
3. Reverse disciplinary decision.

At the conclusion of the hearing, the chairperson will:

1. Provide a verbal explanation of any decision rendered;
2. Agree to provide a written summary to student and Vice President for Student Services of the reasons for any decision rendered, within five working days, and;
3. Provide explanation of the appeal process, the procedure for making such an appeal, and the appropriate deadline.

### **G. Appeal Process**

Notice to appeal the decision of the hearing panel concerning suspension or expulsion must be submitted to the President of the College within 3 (three) business days of the decision of the hearing panel.

The President of the College is the appellate entity for any student who is suspended or expelled from New Mexico Junior College and the information to be considered for appeal shall be limited to information previously accumulated in the

course of the original investigation and disciplinary hearing. The decision of the President regarding the case shall not result in further disciplinary sanction brought against the student.

The purpose of the appeal is to:

1. Determine if procedure has been followed;
2. Determine whether the decision was based on sufficiently substantial evidence; and
3. Determine whether disciplinary sanctions were appropriate for the particular student misconduct.

The decision of the President is final.

## Section X Drug Free Schools and Communities

Information regarding the use / abuse of drugs and alcohol by employees and students is provided pursuant to public law 101-226, The Drug Free Schools and Communities Act Amendments of 1989.

Although every effort is made to update and present current information in this booklet, some information may be dated at the time of printing.

New Mexico Junior College students and their health and welfare are of serious concern. NMJC recognizes that the use of illicit drugs and / or the abuse of alcohol is a persistent health problem of major proportion affecting our society physically, mentally, and socially. Illicit drug use and/ or alcohol abuse can adversely affect an individual's personal life, safety, health, and mental or physical performance.

It is the intent of NMJC to provide students with pertinent information related to illicit drug use and / or alcohol abuse in an effort to prevent such abuse.

As a recipient of federal funds, the College is obligated to inform all students that the possession, use or distribution of illicit drugs and alcohol on its property or as part of any of its activities is prohibited, and is a violation of policy. Students who violate the prohibition will be subject to appropriate disciplinary action. It is also a federal requirement and a College policy that, as a condition of employment, any student worker will notify his or her immediate supervisor within five (5) days of conviction of a criminal drug offense occurring in the workplace.

NMJC is committed to promoting and maintaining a work and academic environment that is free from illegal alcohol and drug use and abuse, in accordance with all federal, state, and local laws.

Students, employees and visitors are prohibited from possessing, consuming, manufacturing, dispensing, or being under the influence of alcohol / illegal drugs or engaging in improper self-medication while on College property or conducting College business. Any member of the College community who violates this policy is subject to both prosecution and punishment under federal, state, and local laws and to disciplinary proceedings by the College.

This alcohol / drug policy is not designed to punish people for seeking rehabilitation. All information about those individuals who voluntarily avail themselves of drug or alcohol counseling or rehabilitation services will remain confidential. Seeking counseling or rehabilitation will not be used as a basis of disciplinary action or be used against an individual in any way.

College employees and students who violate the alcohol / drug policy shall be informed about and referred to services to assist them in determining whether they are abusing drugs and alcohol or are chemically dependent. If a problem is found to exist, the individual will be referred to resources to assist him / her in overcoming the drug or alcohol abuse pattern.

The College will review its Alcohol and Drug Abuse Prevention Program every 2 years to determine its effectiveness and implement changes to the program as needed and to ensure that the disciplinary sanctions applied by the College are consistently enforced. The last review was during 2012.
